Mounir Bella

Junior Product Engineer · Next.js · React · Tailwind · Supabase

Bergara, Gipuzkoa, Spain (remote) | mounirbella32@gmail.com | +34 631 10 69 94 | github.com/mounirb-dev | portfolio-ten-tawny-98.vercel.app

PROFILE

Web developer with 2 years of practical experience shipping real products with Next.js, React, Tailwind CSS, Node.js and Supabase. I build features end to end (interface, backend logic and data) and I like learning the whole stack on a product with real users. I have built and shipped my own projects (an interactive Next.js portfolio and Excaliclaw, a collaborative whiteboard for AI agents) and a custom CRM with n8n for a training center. I use AI tools (Claude, OpenAI Codex, Cursor) every day to ship faster and I review the code they produce.

SKILLS

- **Frontend:** Next.js, React, Tailwind CSS, shadcn/ui, Zustand, JavaScript, HTML5, CSS3, Figma
- **Backend & Data:** Supabase (Postgres), InsForge, Node.js, Bun, Stripe and Dodo Payments integrations, n8n integrations (WhatsApp)
- **AI tools:** Claude, OpenAI Codex, Cursor, Ollama, Groq, Model Context Protocol (MCP)
- **Cloud & Tools:** Git, GitHub, Vercel, Docker, Dokploy, AWS, Ubuntu Server, SSH, Oracle Cloud, Scaleway, Tailscale
- **Security:** Snyk (dependency scanning)

EXPERIENCE

Full Stack Developer - Ceaformacion (Vitoria-Gasteiz) | Aug 2026 - Oct 2026

- Built a custom CRM with n8n that replaced the previous one and tracked leads coming from WhatsApp.
- Built a booking flow: staff manage time slots and each booking creates an order automatically, which reduced the team's working hours.
- Set up self-managed servers on reused computers and deployed InsForge, n8n and DocuSeal.

PROJECTS

- **Excaliclaw** (excaliclaw.com): collaborative digital whiteboard built for AI agents.
- **Interactive portfolio** (Next.js, Tailwind CSS, Vercel): responsive web app with canvas animation, drag and drop, 3D CSS transforms and dynamic QR codes. portfolio-ten-tawny-98.vercel.app
- **Open source and side projects** (github.com/mounirb-dev): AI API integrations, n8n automations, self-hosted deployments (Dokploy, VPS) and React/Next.js interface components.

EDUCATION

- Professional Certificate: Web Application Development with Web Technologies - Lanbide (Basque Employment Service)
- Professional Certificate: Web Page Design and Publishing - Lanbide (Basque Employment Service)
